Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Salem State (MA) Science Labs Project in Fiscal Year 2025. The entity to receive funding for this project is Salem State University, located at 352 Lafayette Street, Salem, MA, 01970. The funding would be used to build new Simulation laboratories for life science students. The project is an appropriate use of taxpayer funds because it will facilitate the construction/renovation of facilities and site improvements that will increase capacities and opportunities at Salem State (in fields such as cybercrime and chemistry), while aligning with regional labor market needs in life sciences.

This project has a Federal nexus as it is for the same purposes authorized by 42 U.S. Code §5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, reading "Seth Moulton".
