Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Newburyport (MA) for the Waste Water Treatment Plant Floodwalls and Pumps Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Newburyport, located at 60 Pleasant Street, Newburyport, MA, 01950. The funding would be used to upgrade the Waste Water Treatment Plant (WWTP) facilities by constructing robust floodwalls on both sides of the WWTP, installing a pair of large capacity pumps, and upgrading the WWTP's internal drainage system. The project is an appropriate use of taxpayer funds because it will upgrade the WWTP, provide long-term prevention of significant risks to the community's public health, maintain and improve water quality, and significantly extend the resilience and lifespan of this critical infrastructure in a cost-effective manner.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Seth Moulton".
