Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of North Andover (MA) for Water Treatment Plant Upgrades in Fiscal Year 2027. The entity to receive funding for this project is the Town of North Andover, located at 120 Main Street, North Andover, MA, 01845. The funding would be used for the replacement of the primary Emergency Standby Generator and associated control systems at the North Andover Water Treatment Plant. The project is an appropriate use of taxpayer funds because it is a preventative investment that will guard against the exponentially higher costs of an emergency recovery; replacing the unit now is significantly cheaper than an emergency procurement during a crisis and will reduce long-term fuel costs.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Seth Moulton".
